Web Technologies: AJAX , JSON , REST API Integration , Authentication & Authorization ,
Responsive UI Development

Other Skills: Problem Solving , Debugging & Testing , SDLC, SEO Basics , Digital Marketing , Social Media Marketing
Team Collaboration

PROFESSIONAL EXPERIENCE

IT Intern – Full Stack Web Development & Security

Admission Jagat, Kolkata, India

April 2025 – December 2025

- Developed and maintained web applications using PHP, Laravel, MySQL, HTML, CSS, JavaScript, and Bootstrap.
- Built responsive and user-friendly interfaces to enhance user experience across devices.
- Designed and implemented backend modules following the **MVC architecture** and coding best practices.
- Developed and managed database-driven features, including CRUD operations and authentication systems.
- Collaborated with the development team to deliver scalable, secure, and high-performance web solutions.
- Participated in debugging, testing, and optimizing application performance.

Gained hands-on experience with version control, project deployment, and real-world software development workflows.

PROJECTS

1. Admission Consultancy Website

Technologies: PHP | Laravel | MySQL | HTML5 | CSS3 | JavaScript | Bootstrap |

- Developed a full-stack Admission Consultancy Management System using Laravel.
- Built secure student registration, login, and authentication modules.
- Implemented consultation booking, placement registration, feedback, and contact management systems.
- Designed an admin dashboard to manage students, inquiries, and application data.
- Developed responsive user interfaces and optimized database operations using MySQL.
- Applied MVC architecture and Laravel best practices for scalable development.

2. IT Company Management Website

Technologies: PHP | Laravel | MySQL | HTML5 | CSS3 | JavaScript | Bootstrap 5 |

- Developed a full-stack IT Company Management Website using Laravel and MySQL to manage company operations and client interactions.
- Built a responsive and modern user interface with HTML5, CSS3, Bootstrap 5, and JavaScript for an enhanced user experience.
- Implemented secure user authentication and role-based access control for Admin, HR, Employees, and Clients.
- Developed modules for employee management, client management, project tracking, service management, and contact inquiries.
- Designed an admin dashboard with real-time analytics, user management, and content management features.

3. Personal Portfolio Website

Technologies: HTML5 | CSS3 | JavaScript | Bootstrap |

- Designed and developed a responsive personal portfolio website to showcase projects and technical skills.
- Created interactive sections for About, Skills, Projects, Education, and Contact.
- Implemented smooth animations, responsive layouts, and modern UI design.
- Integrated GitHub, LinkedIn, Resume, and Contact links for professional networking.
- Optimized website performance for desktop and mobile devices.

TOOLS & TECHNOLOGIES

- **Version Control:** Git, GitHub
- **Development Tools:** Visual Studio Code, XAMPP, Composer, npm
- **CMS:** WordPress
- **Deployment & Hosting:** Hostinger, GitHub Pages
- **Operating Systems:** Windows
